## Administration Is Under Fire on Four Fronts in Capital

### President's Authority to Devalue Dollar Is Under Attack

**BULLETIN**  
Washington, April 16—(AP)—Chairman Wagner (D-N.Y.) of the senate banking committee acknowledged today that a majority of available committee members are opposed to renewing the president's power to devalue the dollar and immediately began a poll of absentees to see if sufficient support could be mustered for the provision.

After a closed committee session, Wagner said the poll would determine whether the legislation to extend the president's authority over a \$2,000,000,000 currency stabilization fund and the devaluation of the dollar could be reported immediately or whether a vote would be deferred until May 4.

Washington, April 16—(AP)—A proposed two-year extension of the president's authority to devalue the dollar further was before the senate banking committee were Senator Taft (R-Ohio) suggested that this item be separated from an extension of the president's authority over a \$2,000,000,000 currency stabilization fund.

Taft said to Secretary of the Treasury Morgenthau: "We're asking the American people to buy \$13,000,000,000 in war bonds this month, yet at the same time you're asking us to give the president power to devalue the dollar and thus depreciate the value of the bonds."

Testimony before the house small business committee disclosed meanwhile, that Petroleum Administrator Ickes has recommended an increase in crude oil prices averaging 35 cents a barrel.

The Office of Price Administration has not ordered such an increase. OPA Administrator Prentiss Brown testified that while a boost would be approved if essential to the war, "the strongest kind of a showing" would have to be made if OPA makes an exception to the president's hold-the-line order against inflation.

### Agencies Under Fire

The administration and its agencies were under fire on several Capital fronts:

1—Labor resistance to the new anti-inflation order.

2—The president's nine-year-old dollar devaluation authority and the treasury's new international currency plan.

3—Civilian supply boss legislation.

4—Congressional demands to sit in on the world food conference.

Nub of the labor controversy is the War Labor Board's loss of power to approve pay increases for correction of "inequalities" through terms of the president's hold-the-line order.

Employees of the Universal (Pa.) Atlas Cement Company—first to feel the effect—became the first to strike against it. AFL members of the WLB denounced the order as a "flagrant violation" of the no-strike-no-lockout agreement and contended it would cost the administration labor's confidence, while scores of CIO local unions wired their displeasure.

On the monetary front, Senator Taft called for a last-ditch fight against further extension of the president's power to devalue the dollar as congress divided on Secretary Morgenthau's plan for a postwar international currency.

### Third Major Row

The third major row of the day seemed likely to pit Capitol Hill against the War Production Board. Legislation to set up a powerful and independent boss of civilian supply headed toward a senate test with newly acquired labor support, while opposition developed from WPB quarters with announcement of a new appointee to take over just that task.

WPB Chairman Donald M. Nelson announced Arthur D. Whelton, president of Dunn & Bradstreet, financial reporting firm, would succeed Joseph L. Weiner as vice chairman in charge of civilian supply—and Weiner had supported the legislation to divorce that job from WPB. Nelson strongly opposes it.

The food conference question saw congress indirectly joining forces with Capital correspondents as the senate agriculture demanded that some of its members be permitted to attend the sessions scheduled to begin at Hot Springs, Va., May 18. Senator Aiken (R-Vt) said in moving to confer with state department officials to arrange attendance, committee members felt they should know just what commitments are being made for American agriculture.

Another fight grew more heated

## WHAT YOUR BONDS BUY

Sound Detectors Stand Ready To Warn of Enemy Aircraft

It Takes 66 \$100 Bonds—at Only \$75 Each—to Build One

BY BYRON PRICE

Director of Censorship (Written for The Associated Press and The Dixon Telegraph)

The first thing any of us should be thinking about today is the winning of the war. If your extra dollars hasten victory by even a fraction of a second, they will be well spent.

The second thing we should be thinking about is security after the war is won. A war bond is your government's promise to help you in the uncertain years of readjustment after the victory. It is a promise to pay you—with interest.

You serve your country and yourself by buying war bonds.

## Asks Americans to Celebrate Hitler's Birthday Tuesday

Washington, April 16—(AP)—Next Tuesday is Adolf Hitler's 54th birthday, and the people backing the treasury's Second War Loan drive figure there's a good way for Americans to celebrate the occasion—by buying war bonds.

Just now Americans have raised more than one-third of the \$13,000,000,000 goal of the bond drive. To push it further toward the goal, Editor Austin V. McClain of the Washington, Pa., Observer, suggests that any American can, by buying bonds, make Hitler a birthday present of almost any military item he chooses.

A new bomb, for instance. Authorities on birthday presents who also have a slight knowledge of ordnance will tell you that you might look a long time before you find a more appropriate birthday present for Adolf Hitler.

### Wide Selection

There's such a wide range of selection, for one thing. You can get anything from an incendiary to a two-ton block-buster.

The Army will deliver it free of charge to the most appropriate spot.

The whole idea is: You can buy any size bond and have at

## Mendota Soldier Is Reported as Missing

Mendota, Ill., April 16—(AP)—Mrs. Josephine Coss said today she had received word from the war department that her son, Sgt. Bernard J. Coss, radio technician and gunner on an Army plane, had been missing in the South American area since April 8.

Mrs. Coss said that at the time of the last letter she received from her son, on Feb. 15, he was a crewman on the plane of which the co-pilot was Lieut. Tom Harmon, former University of Michigan football star, also reported by the war department as missing in the South American area since April 8.

The letter was received from South America, she said, and reported there were six members of the crew of the Army bomber, including Lieut. Frederick P. Wieting, pilot.

Coss, 21, enlisted in the Army Air Corps last June. He was graduated from Mendota high school in 1941.

## Eight American Shipyard Workers Arrested for Sabotaging U. S. Ships

Baltimore, April 16—(AP)—The arrests of eight men formerly employed as welders at two Baltimore shipyards, on charges of sabotaging ships by doing faulty welding, were announced today by the Federal Bureau of Investigation.

Seven of the men, whose arrests were announced by FBI Director J. Edgar Hoover in Washington, were accused of doing bad welding on Liberty ships at the Bethlehem-Fairfield Shipyard, Inc.

The arrest of the eighth, on a similar charge of performing faulty work on a tanker under construction at the Bethlehem Steel Company's Sparrows Point yard, was disclosed when six men were brought before a U. S. commissioner for arraignment.

He was identified as James B. Dixon, 25, of Baltimore, a native of Portsmouth, Va.

All six entered pleas of innocent. Hoover said the men "have ad-

## Allied Air Attacks Sap Axis Strength in Tunisian Fight

### Ground Forces Gather for Showdown Battle for North Africa

By ROGER GREENE  
Associated Press War Editor  
Allied headquarters announced today that a series of violent all-day battles raged on the heights north of Medjez-el-Bab, 30 miles from Tunis, as the Germans lashed out in prepared but vain counterattacks to regain ground won by the British First Army.

Dispatches said British First Army infantry had driven to within 15 miles of Tebourba, key road junction only 18 miles west of Tunis, in some of the fiercest fighting of the Tunisian campaign.

British vanguards were now reported holding a mountain line within 25 to 30 miles of Tunis, the Capital, but it was clear that the enemy still had strength for powerful counter blows.

"All his attacks were eventually beaten off and the high ground remains in our hands," a bulletin from Gen. Dwight D. Eisenhower's headquarters declared.

The communiqué said French troops also met stiffening opposition in the region of the Djebel Sefouf, on the southwest rim of the Tunis-Bizerte defense zone, but held fast and captured more prisoners.

"On the Eighth Army front, patrol activity continues along the Enfidaville line," the communiqué said.

### Big Guns Brought Up

Field dispatches reported that Gen. Sir Bernard L. Montgomery's Eighth Army was bringing up its big guns to blast through Field Marshal Erwin Rommel's main defense bulwarks at Enfidaville, 50 miles below Tunis.

A French communiqué, via Reuters, said Gen. Henri Giraud's French troops had captured over 1,000 prisoners and killed nearly 1,000 more in attacking the western flank.

## Great RAF Force Attacks Germany

London, April 16—(AP)—A great force of four-engined allied bombers flew high over a southeast coast town with fighter escort shortly after noon today and returned more than two hours later during a day of almost continuous air activity over the French Channel coast.

The sky above France was crisscrossed with vapor trails from Dunkerque to Boulogne indicating the fighters were mixing in a general melee.

Meanwhile an air alert was sounded in London about 5 p. m. (10 a. m. Central War Time) today. The all clear came a short time later. The last previous alert in the Capital was sounded early Thursday when raiders came up the Thames estuary and gunfire was heard on the outer rim of the city.

Many RAF fighter squadrons shuttled across the channel in the Folkestone area, engaging the enemy six miles high on the other side.

Temperatures soared to summer levels in the narrow Strait of Dover, making this hottest day of the year ideal for aerial onslaught.

One German fighter was reported destroyed in first fragmentary reports from authoritative quarters.

The foray followed a series of night sweeps by swift RAF Mosquito bombers and Whirlwind fighter-bombers, which ranged from northwest Germany to France to shoot up enemy rail transport, airfields and small coastal craft.

## Former Cabin Boy Buys \$33,000,000 Worth of War Bonds

Cleveland, April 16—(AP)—A former Great Lakes cabin boy who rose to financial prominence today described his purchase of \$32,000 in war bonds as "the safest investment in the world."

Shy, 58, gray and extremely opposed to newspaper publicity Harry W. Hosford quietly bought \$21,000,000 in bonds Monday to inaugurate Cleveland's Second War Bond Fund drive, after he previously had purchased \$11,000,000.

Charles Heidenreich, the financier's secretary, said Hosford wanted no publicity on the purchases, stating simply "it will help beat the axis."

### SLAYER SENTENCED

Sacramento, Calif., April 16—(AP)—Ford A. Strock, 66, convicted of slaying Robert J. Williamson, 41, of Rockford, Ill., Jan. 21, was denied a new trial yesterday and was sentenced to one to 10 years in San Quentin prison by Superior Judge Dal M. Lemmon. Strock was granted a five-day stay of execution of the sentence.

He listed these defendants to be arraigned today:

Herman Scherer, 26, a native of New York; Raymond Ashby Burkholder, 28, a native of Buchanan, Va.; Farrell Houston Smith, 29, born at Catawba, N. C.; Leonard Lucas, 23, of Lancaster, S. C., who will be arraigned at Baltimore; Harley Brastus Miller, 22, arrested at Lexington, N. C.; and Wilfred James Gossman, 24, arrested at Zanesville, Ohio.

"Many of the improper welds were in vital parts of the ships", Hoover said, "and were only discernible through the use of X-ray. The full extent of the damage is not yet known; however, many structurally weak ships would have gone to sea if the defective welding had not been discovered."

## 23 Worst Convicts in Georgia Prison Escape This Morn

Reidsville, Ga., April 16—(AP)—Recapture of two of 23 prisoners who broke out of the state penitentiary here early today after overpowering three unarmed guards was reported by Royal K. Mann, chairman of the state prison board.

He said a posse ran down one near Lyons and captured another near Vidalia after a state truck in which some of the convicts were fleeing overturned on the road between Lyons and Reidsville.

Other convicts in the truck scattered after the vehicle turned over and were pursued by bloodhounds and police, Mann said.

The break was led by Forrest Turner and Leland Harvey, two of Georgia's most notorious prisoners, according to prison Warden H. R. DuVall.

DuVall said three of the prisoners jumped on Guards B. G. Morrison, W. E. Overstreet and N. M. Spivey, locked them in a cell, took the prison keys and unlocked the front gate.

After taking the guards' keys they dismantled the prison telephone switchboard and pulled a switch which plunged the prison into darkness.

They stole two prison trucks and a car belonging to Morrison and fled. The alarm was given a short time later, the warden said, when a 23rd prisoner, whom the warden believed may have been forced to leave the prison, appeared at the sheriff's office in Reidsville and surrendered.

### Lead by "Artists"

The others abandoned Morrison's car near Coggsstown, 14 miles northeast of Reidsville, and resumed their flight in another stolen car and the two trucks.

The break was led, Warden DuVall said, by Forrest Turner, 30, who has escaped from Georgia prisons so many times that the records are confusing, and Leland Harvey, 34, who has escaped at least six times, and D. C. Black, 31.

Turner was serving long terms for larceny, robbery and kidnapping. Harvey was serving a three-to-five year term and an 8-to-10-year term for larceny and robbery, respectively. Black was doing a 5 to 10 year term for burglary.

In October, 1941, Turner and another prisoner kidnaped a guard and state highway inspector and liberated 43 convicts after a gun battle with guards at a prison camp in Harris county, near Hamilton.

He surrendered the next day to a posse after a wild automobile chase.

### FUGITIVE CAPTURED

Bristol, Va., April 16—(AP)—Kinnie Wagner, who escaped from the Parchman, Miss., state prison for murder, was captured in Scott county today by a posse composed of Federal Bureau of Investigation agents and state police.

Wagner surrendered without resistance when trapped about 3 a. m. in a shack where officers believe he had been living for several weeks.

## Tuesday's Special Ballot

At the city election on Tuesday Dixon voters have an opportunity to give long needed aid to Oakwood cemetery. The Evening Telegraph urges that all voters make a special effort to get to the polls and vote on the special ballot. Vote "yes." If you vote the regular ballot on candidates and fail to vote on the special ballot the result is the same as though you voted "no," because the law requires that the ballot must have a majority of all votes cast to carry.

The proposition to be voted upon reads: "Shall a tax not exceeding one-half mill be levied each year on the taxable property in the City of Dixon for the purpose of reconditioning and restoring neglected cemeteries as provided in Section 16-14 of the Revised Cities and Villages Act?"

A half-mill tax will be an infinitesimal amount as applied to each taxpayer's bill, but the results of such a tax will do wonders for Dixon's cemetery. Our cemetery should be our most beautiful park and we should give it careful and loving care.

Most Dixon people who have loved ones at rest in Oakwood spend their own time and energy and money in improving and beautifying and maintaining their own cemetery lots but their efforts are to an extent nullified by the many neglected lots in all parts of the cemetery. Families die out or move away without making provision for permanent care and the cemetery, which has to be supported by the income from sale of lots and lot endowments, simply does not have the funds to care for the abandoned lots and there has been, up to now, no legal way of caring for them.

We spend tax money for many other civic departments, all of them necessary or desirable, but what could be more important to Dixon than to have our public cemetery properly maintained and beautifully kept up?

The cemetery management is certainly doing its best and must be credited with doing a splendid job considering the funds at its command. If given the necessary extra finances, Dixon may be sure that our cemetery will be one of the most beautiful in the state.

Not only will all lots be kept up but the thousands of stately trees that grace the park will be saved—they are now greatly in need of expert attention. Roads can be improved.

As a matter of civic pride all Dixon voters should go to the polls on Tuesday and vote YES on the little special ballot.

## Minor Crime Wave Solved; 5 Students Held Under Arrest

### Month-Old Spree Ends for University, High Schools Youths

Champaign, Ill., April 16—(AP)—A month-old minor crime wave, on two mid-west college campuses was solved last night, police announcing the seizure of five students, two from the University of Illinois and three from Watske, Ill., high school, whom they said admitted the offenses. A third University of Illinois student was charged with receiving stolen property from the gang. The other five were charged with burglary and larceny.

Sergeant Russell Burke of the Champaign police said the boys admitted burglarizing 20 or more fraternity houses on both the Illinois and Purdue campuses in the last month. They also admitted stealing an automobile in Danville, Ill., and driving to Lafayette, Ind., where they burglarized two houses on the Purdue campus, Burke said.

He listed the five as: Jack Vandover, 18, Watske high school athlete who quit school several days ago to await a call from the Marines.

Robert Redman, 18, Watske high school senior, and a brother of Eugene Redman, 16, Watske high school athlete who set a basketball scoring record last season in the Watske conference.

Claude Berschinski, 18, Illinois freshman from Riverdale, Ill.; a former City Catholic tennis champion in Chicago.

Charles Fowler, 20, University of Illinois junior from Watske; a reserve on the Illinois basketball squad but who was ineligible to play the last semester. Burke said Fowler also admitted forging a \$55 check in LaFayette.

Ralph Shayne, 18, Illinois freshman from Chicago, is charged with receiving stolen property, but is not charged with burglary and larceny, Burke said.

The three Watske high school boys were released on \$1,000 bonds each. The others remained in the Champaign county jail.

Burke said the crime tour began March 18, the day the state high school basketball tournament started here. The boys, he said, stole a number of coats and other articles belonging to fans, while the games were played in the university gymnasium. Thefts at the fraternity houses included typewriters, electric razors, radios, \$200 in cash, clothing, watches and jewelry.

Burke said they turned over some of their loot to Shayne for selling, just before they were arrested. Articles valued at \$800 were returned, although others had been sold.

### LUCAS IN HOSPITAL

Washington, April 16—(AP)—Senator Lucas (D-Ill.), is in Naval hospital today for a check-up on a kidney ailment, friends report. He was compelled to cancel plans to join in the Anglo-American conference on refugee problems beginning Monday, but state department officials said they hoped he would recover in time to participate in later stages of the meeting.

## THE WAR TODAY

By DEWITT MACKENZIE

The divergence of views as expressed in Washington and in Australia regarding the danger of a Jap invasion of that great continent leaves the American public in an unfortunate state of doubt and consequently apprehension.

It's really an amazing store. First off we get from Australian sources a startling picture of 200,000 Nipponese massed and ready to invade as soon as they regain air control. Our Secretary of the Navy Knox counters with the view that there's no indication the Japs have the shipping to move so many men. An allied spokesman in Australia retorts that a great Japanese combat fleet is massed in the Truk area "within three days' sailing distance."

### Senators Balk

Meanwhile congress moved to send its own observers to the international food conference scheduled to begin at Hot Springs, Va., May 18 with a demand from the senate agriculture committee that some of its members be permitted to attend.

Senator Aiken (R-Vt) said the committee unanimously approved a motion instructing Chairman Smith (D-Sc) to confer with state department officials and attempt to arrange for the members to attend all sessions. Smith is ill and committee attaches delivered the message to the state department.

Aiken told reporters it was the consensus of the committee it ought to have first hand information on the discussions, since it seems likely that newspaper reporters are going to be barred from all except the perfunctory opening and closing sessions and denied contact with delegates.

"As people interested in agriculture, we want to know what is going on," Aiken said. "We don't want to be caught cold on a lot of commitments for American agriculture without knowing what they are."

Most Approve Commitments  
"Also," he continued, "we don't want other nations to get the impression that congress is going to approve just anything that might be decided at this conference. As representatives of the people we have a right to know what commitments are in prospect."

While some members were reported urging that the senate foreign relations committee take similar action, Chairman Connally (D-Tex) said that as far as he was concerned he was not interested in sending observers. If committee members went, he indicated, it would be only in response to an official invitation.

There was no hint that any

### BEW Is Looking Into Pair of Fancy Pants Off One of Der Fuehrer's Men

Washington, April 16—(AP)—The Board of Economic Warfare is looking into a pair of fancy pants—right off one of der fuehrer's U-Boats.

They're the waterproof jeans of a German submarine officer who was taken prisoner by the Navy during an engagement in the Mediterranean, and BEW is giving them the double-O in an effort to learn from them something of how things are going economically in the reich.

They're a mighty swanky pair of britches—made of chrome-tanned sheepskin leather—and BEW estimates they'd cost \$30 to \$40 in this country.

Government experts cannot say whether all the U-boat bosses are

still rating such finery, because there is some evidence that the pants were made back in '39—before Germany would be expected to feel the pinch.

However, the pants perusal will be continued on the chance that more thorough investigation may show evidence of the use of substitute materials, new chemicals for waterproofing, or any indication of careless, apathetic workmanship among Hitler's pants makers.

One thing is certain—the sea raider who wore the pants did plenty of sitting. They're well-worn aft, but there is nothing to indicate whether this wear was caused by concentrated study at a periscope station or from playing pinocle.

Washington, April 16—(AP)—

—American bombers battering Japanese positions in the central Solomon islands Thursday destroyed a building believed to be a power generating station and sank an 80-foot vessel, the Navy announced today.

In the North Pacific, meanwhile, heavy raids on Kiska island continued. A communiqué said the enemy base there was attacked eight times Wednesday and hits were scored in the camp area, damaging an airplane runway and revetments built to protect aircraft on the ground.

Allied Headquarters in Australia, April 16—(AP)—Flying Fortresses kept up an attack today on a Japanese convoy of three warships and six merchant vessels at Wewak, New Guinea, striving to add to the heavy blows dealt three merchantmen at the outset.

The convoy, spotted at dusk Thursday approaching the Wewak harbor with a light cruiser among the escort, was swooped upon at mast height by the Fortresses. Roaring down in waves spaced 15 minutes to a half hour apart the raiders quickly started an 8,000-ton cargo ship to sinking by the stern, caused another of equal tonnage to list and forced a third of 5,000 tons to be beached.

"We are continuing the attack," said today's noon communiqué.

A destroyer and a gunboat were among the bombers' targets.

The Japanese have resorted to Wewak recently for the landing of supplies destined for overland delivery to their allied-menaced base at Lae, some 325 miles southeastward along New Guinea's north coast.

There was a lull in Japan's resurgent aerial offensive but the allied air attacks continued as Fortresses bombed Lakunai airfield at Rabaul, New Britain, 500 miles to the northeast of the allied New Guinea base of Port Moresby. New Britain's Gasmata airfield also was attacked by Fortresses whose bombs started fires and explosions.

Casualties Estimated  
Swarms of A-20 attack planes dipped low over Japanese troop positions in the Buigap creek area of Mubo, New Guinea, making 11 runs to bomb and strafe the enemy.

In a recapitulation of air and ground losses in the New Guinea fighting up to April 1, a spokesman for General Douglas MacArthur estimated today the Americans and Australians suffered 10,531 casualties, among which were 4,554 killed or missing and 5,977 wounded, many of the latter since recovered. On the other side of the ledger he placed Japanese casualties at 38,000 of which almost all were killed. United States casualties, many

## THE 2<sup>nd</sup> WAR LOAN DRIVE IS ON!

# America....you've got to get tougher!

**A**MERICA — Let's be frank about it . . . so far, many of us back home have been fighting this war from an easy chair.

Many of us have bought War Bonds out of *extra* cash, out of money we didn't miss too much. We haven't been really tough with ourselves.

But this war is a hard, down-to-reality war. And many of our boys are dying in it.

### We've got to buy MORE

So your government asks you to buy Bonds and *more* Bonds—to get really tough with yourself. We're asking you to give up the frills and "extras" for the rest of this war.

We know how human it is not to make sacrifices until the crisis drives us to it. In England they felt the same way until the bombs started falling. Now they can't do enough!

Bombs are such persuasive things. But just as persuasive ought to be the spirit of our brothers, sons, husbands—who are ready to give all. Think now . . . what are your dollars, compared to their lives?

### If you could see

Look at it this way—suppose you had a magic carpet that could take you to Africa and New

Guinea. Suppose you could hear the groan of American boys wounded, and American boys dying . . . Say now, how many Bonds would you buy?

### That kind of war

THEY . . . *are* dying. And they will keep on dying until we drown the enemy in an overwhelming torrent of bombs, bullets, guns, tanks, planes, ships, and shells.

That's why we're asking you, in this one month of April alone, to lend Uncle Sam 13 billions of dollars—by buying War Bonds. 13 billions of *extra* dollars—over and above any buying that you'd be doing anyway!

### A lot of money

13 billion dollars is a lot of money. It'll take sweat and tears to raise it. It'll mean going *without* now. But also—it will mean saving now—to buy later. It'll mean giving up *everything* you can't square with your conscience, so that we, us, our children, can have a more

decent place to live in when this war is won.

### The drive is on

So, if someone calls on you to ask you to buy War Bonds in this 2ND WAR LOAN DRIVE, will you buy to the limit—and then buy more?

Better yet, will you go to your Bank, Post-office, or wherever you're used to buying your Bonds—and buy NOW? Will you lend *extra* money this month? Money that can hasten the day of Victory? Money that can help to save American lives?

### Money buys money

Remember, what you're really buying with your money is still *more* money. For after all, these Bonds are *money*! Money plus! Every dollar you put into War Bonds will bring you a dollar *plus* interest.

So the more Bonds you buy the better for you. Americans—Get Tough—with yourselves—for your country.

There Are 7 Different Types of U. S. Government Securities—Choose The Ones Best Suited for You:

## Surgical Dressings Workroom to Close Between Quotas

Mrs. F. J. Trautwein, chairman of Red Cross Surgical Dressings, announced today that, starting April 17, the Dixon surgical dressings workroom will be closed temporarily between quotas.

The volunteer workers are urged to save their regular time so that work can be resumed as quickly and efficiently as possible upon receipt of our next quotas. Please watch the paper for further announcements regarding the time of re-opening. Word has been received from headquarters that future quotas will be assigned on a two-month basis, which eliminates considerable clerical work and requires fewer shipments by the manufacturers.

Dixon has completed over 103,000 dressings since the work was organized last fall. The county units have completed over 98,000, making a total of 202,000 dressings made by the Lee county chapter.

The workers are to be congratulated for their fine spirit and loyalty, and are deserving of a brief recess.

The county units will continue to send in their weekly production until the fourth quota is completed.

## IN "TOVARICH"

Bernard L. Frazer, elder son of Mr. and Mrs. B. J. Frazer, will appear in one of the leading roles of the play "Tovarich," the well-known Russian comedy by Jacques Duval, when the University Players of the University of Chicago, present the production at Mandel Hall on the campus this Friday and Saturday evenings at 8:15 o'clock.

Bernard was also cast in the play, "Letters to Lucerne," a war-time dramatic production by the University Players, during the autumn quarter in November.

## READING CIRCLE HEARS OF PENTAGON

At yesterday's meeting of the Thursday reading circle, Mrs. Roy Scholl read a paper on the giant Army office building five by five, called the Pentagon. This building is located in Virginia, directly across the river from Washington, D. C. Each side of this building is nine hundred and twenty-one feet long. It is the largest building of its kind in the world, and the whole building and the inner court covers thirty-five acres. It is said that this building cost about seventy million dollars.

Mrs. Henry Hintz gave a reading called, "My America." Mrs. H. W. Stauffer, the hostess, served refreshments assisted by Mrs. Alfred Tice. The next meeting will be in about four weeks with Mrs. Henry Hintz as hostess.

## CHURCH CIRCLE

The Prairieville social circle met last Wednesday at the Prairieville church for their regular meeting, and during the afternoon three hundred and twenty-five surgical dressings were completed. The next meeting will be April 20, 1 o'clock at the church.

## PARLOR CLUB

The O. E. S. Parlor club will meet Monday, promptly at 2 o'clock at the Masonic temple. Hostesses for the afternoon will be, Mrs. Merton Ransom, Mrs. Henry Jensen and Mrs. Esther Young.

## Oregon High to Present Play of "Gay Nineties"

The Senior class of the Oregon Community high school will present a "Gay Nineties" play on Friday night, April 30. Although you probably won't arrive in a buggy, you will be transported back to "the good old days," the minute you enter Oregon Community high school.

There's going to be a barber-shop quartet that will start the evening's fun with songs such as, "After the Ball is Over," and "While Strolling through the Park one Day," and even, "A Bird in a Gilded Cage." The quartet consists of four melodious men: Gerry Weyrauch, Bob Arnold, Dick Thibault and Dick Crowell. They will be under the direction of Miss Hochel. As a special feature, Laura Belle White, the Beatrice Kay of Oregon high school, will also entertain.

After the curtain rises on the first act of "PURE AS THE DRIVEN SNOW," you will be having a hilarious time. Between the first act Lois Long and Christine Geroux will do a Bowery tap, to the tune of "A Bicycle Built for Two."

Between the second act, you will be entertained by eight beautiful girls doing the never-to-be-forgotten dance, "The Can-Can." These girls include, Betty Calkins, Pat Huber, Carolyn Abbott, Mari- on Kelsner, Nancy Hollowell, Betty Pettinger and Bebe Brown, with Betty Shugars at the piano. Miss Sheila Clark will direct what sounds like a good old fashioned "meller-drammer."

## IDEAL CLUB MEETS

Varicolored sweetpeas, spring blossoms and pussy willow graced the beautifully appointed tables at the Rice tea room when members of the Ideal club, with their husbands and Miss Carol Christ- janson as guests, enjoyed a delicious six thirty dinner Wednes- day evening. The remainder of the evening was spent at the home of the president, Mrs. George Christianson, where Mrs. O. F. Goeke entertained with an illustrated talk about her trip through Colorado, Wyoming, the Pacific states and Texas. Mr. and Mrs. L. W. Miller assisted Mrs. Goeke.

## THIMBLE CLUB

Mrs. John McClanahan entertained the Thimble and Thimble club at her home on Monday night. During the meeting, the members surprised Miss Anis Har- vey with a handkerchief shower as this meeting fell on her birthday. A large birthday cake, the gift of Anis' mother, served as the centerpiece for the refreshment table. Dorothy Harvey was a guest. Monday evening, April 19th, the club is planning a dinner party to be given at the Rainbow Inn.

## ART EXHIBIT

The Phidian Art club is extending an invitation to the public to view the water colors of Miss Edith Bell, who is head of the Art department of Frances Shimer college. They are now hanging in the west corridor of the Loveland Community Building.

## FORMER RESIDENT

On Saturday, April 17th, Mrs. Jed Shaw, a former Dixon resident and now residing in Hastings on the Hudson, New York City, New York, will celebrate her ninety-eighth birthday. Mrs. Shaw has many friends in Dixon where she formerly visited her relatives, the Shaw family. Through the years Mrs. Shaw has been, and still is, a most interesting and active person.

## LEGION AUXILIARY IS MAKING PLANS FOR COMING EVENTS

When the president opened the meeting Wednesday evening, the American Legion Auxiliary had a very busy session. The Post Commander, Peter Phalen, and Edward Christman were present to discuss plans for the annual Poppy sale, which is to be conducted in Dixon on Saturday, May 29. Mrs. Louise Enichen is the Unit's Poppy chairman. It was also announced that the unit purchased Easter Seals for the benefit of the crippled children.

Mrs. Edna Arnold is one of a committee to help furnish treats and entertainment for the men in Camp Grant hospital, so the Auxiliary donated \$5.00 to the fund. Mrs. Dorothy Christman and Mrs. Maud Curtis, will accompany Mrs. Arnold.

On Friday evening, April 16th, the Unit will present a flag to the Sugar Grove school, with Mrs. Marie Hettler making the presentation.

The president asked all members to assist with the WAVES and SPARS recruiting drive. The Post and Unit are having a scramble supper on Sunday evening, May 2nd, with Mrs. Anna Raffenberg as chairman, Mrs. Helen Smith and Mrs. Ethel Brooks will act as her assistants. August 28th, 29th and 30th are the dates set for the department convention, which will be held in Chicago this year.

## WA-TAN-YE CLUB

Last evening when the Wa-Tan-Ye club met at the Hotel Nachusa, they had eight members of the Freeport club as guests. These members came down from Freeport and presented the Big Sister movement, which is sponsored by the state. The guests were, the Misses Shour, Friday, Wells, Ryman, Merck, Cooper, Dulen and Kilmarten. Miss Shour is the National president of the Wa-Tan-Ye's. During the meeting plans were discussed for the rummage sale that is to be held Saturday.

## CHURCH GROUP

Mrs. Wadsworth's Sunday school class of St. Paul's Lutheran church, will meet at the home of Mrs. Clarence Hill Monday, at 7:30. Election of officers will be held. Each member is asked to bring a towel for the church.

## TO SPRINGFIELD

Mrs. Louis Jetter, who came to Dixon for the wedding of her niece, Georgia Eastman, now Mrs. Glenn Landers, has returned to her home in Springfield.

## MONDAY NIGHTERS

The Monday Nighters will meet Monday evening at 7:30 at the home of George Alshouse, Jr., 1010 Chestnut avenue.

## HOUSEHOLD SALVAGE IS URGED FOR ALL OF LEE COUNTY

Mrs. Earl Auman, Rural County chairman of Defense for household salvage, is making an appeal to Lee county women.

It is our entire responsibility to provide all household salvage for defense purposes. When the vital needs of our nation comes to our kitchens it is serious and we can no longer be indifferent. Let it not be said that Lee county women do not do their part.

The number one critical need is for grease, not to eat, but to make glycerine for explosives. One tablespoon of fat per person, per week, would meet the needs. Saving grease is almost a business, do it every day. When the urge to serve fried foods to your family decide against it. They will be healthier, and you will be happier for having contributed your bit to the war effort. When you have a pound or more, take it to your meat market, where it will be cheerfully handled for you and will be paid for it. Keep it fresh and clean as that is the only kind of satisfactory grease wanted.

Silk, nylon and rayon hosiery is the number two critical need. Forty-two pair of hose are needed to make one powder bag that is used in guns and silk is the only material that completely dissolves when the guns are fired, making it possible to fire continuously and not having to stop to clean the gun before firing again. The results would be amazing if every Lee county woman would turn in every pair of old silk or nylon hose in her home. The hose must be clean as one pair of soiled hose might cause a shipment to be rejected.

Tin cans are badly needed and it is asked that every housewife save them, don't let them get away. They must be washed, opened at both ends, and the can flattened out with paper covering removed. Dixon is arranging for storage space and when a carload is assembled it will be shipped.

This household salvage is the most important business we home-makers have a part in. It is vitally and directly helping our country in the war effort. Let us do our part.

## FROM WISCONSIN

Mr. and Mrs. Clarence Vaile are entertaining Pte. John W. McCoy, nephew of Mrs. Vaile, with a family dinner today at noon.

Pvt. McCoy, who is now stationed at Truax Field, Madison, Wis., is receiving training in radio and mechanical engineering. He is the son of Mr. and Mrs. Peter McCoy, of LaPorte, Ind., who were former Dixon residents. Pvt. McCoy will return to Truax Field tonight.

The increasing appreciation of the culture of our neighboring peoples makes the April 20 Phidian Art club program an outstanding event. The speaker, Rafael Perez, comes highly recommended by the Mexican consul at Chicago. Mr. Perez is director of the Pan American Radio hour which is broadcast each Saturday at 4 o'clock over station WEDC. He will discuss art in general and political problems, ending with Pan Americanism.

Following the talk, Mr. Perez will answer questions from the floor.

The program committee, of which Mrs. George D. Bort is chairman, is indeed pleased to present this outstanding program.

Mrs. Charles Walgreen will be hostess at her Hazelwood home.

## PLUM HOLLOW BRIDGE CLUB

The Plum Hollow bridge club met last evening for the last game of bridge this year. Their attention has been turned to their bowling, and soon they will be out on links for their golf games.

At last night's meeting, plans were made for the banquet that will be held on May 4, for the bowling team, at which time the prizes will be presented to the winners.

Mrs. E. B. Ryan was hostess last evening with Mrs. T. J. Malay and Mrs. Elwin Wadsworth, as co-hostesses. Mrs. Charles Sworm and Mrs. Charles Cramer were last night's prize winners.

Sir Hubert Wilkins visited the Arctic by airplane, dog sled, and submarine.

## Dixon Students Will Assist Ration Board

A group of 60 junior and senior students of the Dixon high school, members of the commercial department, have volunteered their services to assist with the program at the Lee County War Price and Rationing board. The group consists of 40 active workers and 20 alternates, all of whom have volunteered to donate their time in assisting in the several departments, without compensation. At the close of this school term, each will receive a certificate for meritorious service.

The group was organized at the high school yesterday afternoon by L. H. Rich, of the Rockford district OPA office, and Mrs. Avis Crawford, secretary of the Lee county board. Mayor William Slothower commended the students for their patriotic spirit in volunteering to assist in the clerical program at the board headquarters. Miss Camilla Kinsella, instructor of the commercial department; Principal B. J. Frazer and County Superintendent of Schools John A. Torrens also spoke to the students, who will begin their duties Monday afternoon.

## Growth of Sales of Vitamins Fantastic

Chicago, April 16—(AP)—One-third of the nation's drug store customers are purchasing vitamin preparations, which are being manufactured in "fantastic quantities" to meet the demand, says a leader in the drug industry.

E. Walton Bobst of New York told the National Wholesale Drugists' Association yesterday that annual sales in the field of vitamin preparations alone was "pushing toward \$150,000,000" compared with less than \$500,000 20 years ago.

"There is no questioning the fact that in all the history of pharmacy no product or class of products has shown a growth which could in any way approach the fantastic sales growth of vitamins," Bobst said.

## Russian Railroads Under Martial Law

Moscow, April 16—(AP)—All railways of the Soviet Union have been placed under martial law by a decree which provides that capital punishment may be meted out to anyone convicted of criminally interfering with their operation.

(The Moscow radio said in a broadcast recorded by the Soviet radio monitor in London last night that "a small undisciplined minority is disorganizing the railway transport so vital in wartime". The broadcast quoted the decree as saying "we can not allow this undisciplined minority to interrupt the continuous flow of supplies to

Thompson, state Director of Registration and Education and chairman of Governor Green's committee on rehabilitation and employment said today.

## Clash in Channel Is Reported by Admiralty

London, April 16—(AP)—British light coastal forces and naval aircraft hit a half dozen enemy E-boats in a Channel clash off the east coast of England early yesterday, the Admiralty announced today.

The large force of motor torpedo boats was spotted by aircraft and engaged by the destroyer Westminister and the sloop Widgeon.

The Westminister set two E-boats afire and one blew up. The others fled behind a smokescreen through which the flash of an explosion was observed, the Admiralty said. Hits on four other E-boats were observed.

Dispatches from the Tunisian battlefield said the final phase of the struggle was unmistakably at hand as British, American and French troops tightened their squeeze on Rommel's "coffin corner" and allied warplanes methodically blasted the remaining axis airfields.

Officers at allied headquarters said the enemy had lost more than 450 planes in combat alone since March 20, and estimated that 150 more axis planes had been destroyed on the ground.

U. S. Army Air Forces headquarters declared Rommel had suffered a crippling blow through destruction of the major supply port at Ferryville, near Bizerte, which was described as "vital to the flow of axis supplies into North Africa."

## DETAILS FROM AFRICA

BY WES GALLAGHER

Allied Headquarters in North Africa, April 16—(AP)—First Army infantrymen drove to within 15 miles of the key road junction of Tebourba yesterday in some of the fiercest fighting of the Tunisian campaign. It was announced today.

In a series of local attacks east of Medjez-El-Bab, the allied mountain line advanced to points between 25 and 30 miles from Tunis. Tebourba, once held by the allies in the eastward push last fall, lies 18 miles airline west of the axis-held Capital.

Allied bombers and fighters continued their assaults upon axis air fields in Tunisia, although the weather was bad, and it was announced that RAF Wellingtons struck effectively Wednesday night at enemy airdromes in southern Sardinia.

Only patrol activity was reported on the Enfidaville line front, where Gen. Sir Bernard Montgomery's Eighth Army again is massing strength for a climactic push to the north.

The First Army, led by Lieut. Gen. K. A. N. Anderson, by a series of infantry attacks in the mountains, gained the highest ground in northern Tunisia, overlooking the plain to Tunis.

The Germans, in two savage counterattacks yesterday, temporarily regained the 2,000-foot Djebel Ang, eight miles northwest of Medjez-El-Bab, but British infantry launched a counterassault of their own and not only retook the peak but ground beyond it as well.

## Heavy Artillery Duelling

(Axis communique broadcasts said heavy artillery duelling and bitter local fighting marked the Tunisian front. A Transocean dispatch broadcast from Berlin declared allied attacks in the hills were repelled and a large number of British troops were captured while nazi counterattacks "attained scheduled objectives".

(Transocean added that the supply of axis forces in Tunisia involves difficulties, but it said on the whole they "are receiving what they need"—including reinforcements moved across the Mediterranean by both sea and air.)

French forces who stormed forward Wednesday to capture the Djebel Sefous, seven miles above the village of Karahoun on the southwestern rim of the axis lines before Tunis and Bizerte, also were hard pressed by the Germans, but held their ground and captured more prisoners, it was announced.

(A Reuters dispatch from North Africa quoted French headquarters as saying that French troops, pushing against Field Marshal Rommel's defenses south of Pont Du Fahs, had captured more than 1,000 prisoners and killed nearly as many more axis troops.)

**Axis Plane Losses Heavy**  
Allied fighter planes were able to execute offensive sweeps and patrols over the forward areas and fighter-bombers attacked enemy tanks and vehicles. Two enemy planes were reported destroyed during the day while all allied planes returned to their bases.

The air offensive over Tunisia and the Mediterranean already has cost the enemy more than 450 planes in combat alone since the beginning of the Mareth offensive March 20. An additional 150 German and Italian planes have been destroyed on the ground, officers estimated.

(Liberators of the Ninth U. S. Army Air Force successfully attacked the Sicilian harbors of Catania and Palermo by daylight yesterday, a United States communique from Cairo announced.

## Administration Is

(Continued from Page 1)

as the house waded into its third day of debate on the \$707,040,844 agriculture department appropriation bill with the rules committee standing pat in its refusal to help save the measure from threatened legislative mayhem. The agriculture committee had fought successfully for a point-of-order floor procedure by which it could battle some of the appropriations committee's clauses cutting farm benefits—but there was indication that the rule might boomerang and strip the measure of many provisions on purely parliamentary grounds. For the second time in two days, the rules committee refused to change the procedure.

And as the \$13,000,000,000 War Bond campaign went into its fourth day—already one-third of the way towards its three-weeks' goal—there were suggestions that Americans celebrate Hitler's 54th birthday next Tuesday by sending him gifts in the military manner, by buying still more bonds.

**Fight Expected**  
Expected to be fought out this afternoon is a recommendation of the appropriations committee for abolition of the Farm Security Administration, abandonment of the crop insurance program, and discontinuance of parity payments for the 1943 and 1944 crops.

After a brief meeting late yesterday, the rules committee refused, for the second time in two days, to accede to an appropriation committee request for an order under which legislative provisions written into the bill could not arbitrarily be stricken out on points of order.

Agriculture committee members opposed to abolition of FSA fought the move and carried the issue to the house floor when appropriations Chairman Cannon (D-Mo) chided the farm group for its stand.

The inter-committee dispute threatened to result in stripping the bill of many provisions on purely parliamentary grounds.

Four of the estimated 40 legislative provisions were hacked off yesterday and dozens more were slated for the legislative axe today. Those stricken yesterday involved only minor matters, but the tactics of opponents drew from Rep. Tarver (D-Ga) a challenge to cattle state representatives to prove their "good faith" by striking out funds for the control of cattle diseases.

There were prospects the bill would be tied up in the house for at least several more days and that the senate would restore, by amendment, many of the items removed on technicalities in the house.

**Ask Americans**

least a share in a birthday gift to a personality which has presented the world with untold misery and suffering.

The treasury, however, asks that you buy during April just as much out of current income as you can afford—and maybe some besides that. It's to finance a war that is costing the United States 6 billion dollars a month, and to keep the home front safe from one of its deadliest enemies—inflation.

So here's your chance, say Editor McClain and others, to do your share for the home front and fix up a birthday package for Adolf Hitler all at once.

## Eleven Army Fliers Die in Florida Crash

Fort Myers, Fla., April 16—(AP)—Eleven Army fliers were killed late yesterday when a twin-engine advanced training plane crashed at Buckingham Field near here, public relations officers announced today.

The plane was returning to the field after a routine gunnery mission over the range just off Fort Myers beach. All bodies were recovered soon after the accident and taken to the post hospital for identification.

## Today on the Home Front

By JAMES MARLOW and GEORGE ZIELKE

Washington—If you're depending on laundries to do your wash, you ought to have at least a two-week supply of clean clothes at a time.

That's the calculation of F. H. Goff, manager of the Washington Office of the Institute of Laundering.

The average laundry now is going to take 7 to 8 days to do a job for the individual.

So you'll need another 7 to 8 days' supply of clean clothes to carry you through till the laundry comes back.

Even though laundries now are doing their greatest business, they groan. They have troubles: manpower, machinery, materials.

Swamped under war demands and pressure, Goff says, they are of necessity doing a slower job than they did in peacetime.

Listen to the story Goff tells: There are about 6,500 power laundries—those doing a gross weekly business over \$250—in this country and several thousand smaller ones, including the Chinese.

One of their great headaches is manpower, or rather womanpower, since 60 to 70 per cent of the employees are women.

With all the jobs asking for takers now, the laundries have had a large labor turnover.

Hardly a week passes without one or more laundries closing the doors.

Shortages have hit laundries everywhere.

Things like pins and certain chemicals used in cleaning.

Because of the need to conserve paper, those paper boards stuffed inside shirts will disappear when the present supply is exhausted.

Because of the rubber shortage, deliveries have been curtailed generally to one a week.

The government has prohibited the sale, lease or exchange for use of any new or secondhand machines with a value over \$100 without permission from the War Production Board.

Thus a laundry operator wishing to discontinue business could sell his plant intact if the new owner intended to continue the business, but he could not sell the machinery part by part to anyone who just wanted the machinery.

Added to the general civilian burden—result of more people working and therefore having less time to do their own washing—the laundries also are doing much work for the military services.

such invitation would be forthcoming but Connally said that arrangements had been made for Dean Acheson, assistant secretary of state, to explain plans for the conference at a joint session of the foreign relations and agriculture committees Monday afternoon.

Acheson also is expected to appear before the house foreign affairs and agriculture committees.

Aiken said that as far as he knew this would constitute the first official word to congress concerning the nature of the negotiations to be undertaken at the conference, to which 42 nations have been invited to send delegates. Thus far 31 nations have indicated they would be represented.

Meanwhile, Senator Ferguson (R-Mich) said he would seek early consideration by the foreign relations committee of his resolution which would provide for news coverage of all conference sessions by representatives of the three major press services and for the attendance of five Democratic and three Republican legislators.

The Japanese communique said five Japanese planes were lost when the pilots dived on enemy objectives.

## STRONGER ON KISKA

A Far Western Base in the Andreanof Islands, Alaska, March 31—(Delayed)—(AP)—The Japanese are "stronger than ever on Kiska and Attu," returning Army pilots reported after bombing the enemy bases in the Aleutians for the 30th time in March at 25-foot elevation.

This 30th raid boosted the all-month high to 320 tons of explosives dropped on Kiska and Attu during March. Eleven Bomber Command figures showed.

March heralded the opening of a mighty spring offensive to eradicate the Japanese from the Aleutian Islands.

The Japanese have dodged 2,500,440 pounds of explosives since they occupied Attu and Kiska early in June, 1942.

A returning pilot who has flown over Kiska since last July, said the Japanese heavy and light gunfire was the heaviest yet. More lead was thrown into the air at us today than a month ago and it was more deadly.

tance of New Guinea".

Washington military authorities at this point intervene with the view that Japanese operations have passed from the offensive stage to one of "aggressive defense". They say there's little danger the Nipponese will attempt to strike against Australia or any other important United Nations bastion.

Here Secretary of War Stimson steps in and pours oil on the troubled waters by promising a constantly increasing flow of planes and other supplies to General MacArthur.

All this argument is coincident with the new Australian drive for more air power from the United States. You can't blame a puzzled public therefore if it wonders whether a high pressure advertising campaign is on.

However that may be, the American people never questioned the need of building up allied strength in the Pacific as rapidly as feasible.

Still, the uncomfortable fact remains that the allies are incapable at this juncture of waging all-out offensives against enemies in both Europe and Asia at the same time. We haven't the equipment as yet for such widely separated operations. It's only in recent months that we have been able to amass enough strength to begin to take Herr Hitler for a ride.

There's no indication that the allied high command has any intention of altering its basic strategy of knocking out Hitler first, or at least rendering him impotent, before trying to put the full heat on Japan. That strategy isn't a matter of inclination but of necessity. It was imposed on the high command by a circumstance over which they had no control, namely, a Nazi strength which threatened to conquer all Europe quickly and then span the Atlantic.

We have here another proof of the soundness of the old adage that you shouldn't change horses in the middle of the stream. If the allies should at this critical juncture divert any considerable amount of their striking power from Europe, in order to hit Japan, they might be handing Hitler a free ticket to victory.

We now have the battle of the Mediterranean—of which the Tunisian campaign is just one phase—well in our favor. But the scales there haven't swung so violently our way they couldn't be counter-balanced.

## GEMS OF THOUGHT

MUSIC

Music is the fourth great material want of our nature—first food, then raiment, then shelter, then music.

—Bovee.

Harmony makes small things grow; lack of it makes great things decay.

—Sallust.

Music resembles poetry; in each are numerous graces which no methods teach, and which a master hand alone can reach.

—Pope.

The direct relation of music is not to ideas, but to emotions—in the works of its greatest masters, it is more marvelous, more mysterious than poetry.

—Henry Giles.

Music is the harmony of being; but the music of Soul affords the only strains that thrill the chords of feeling and awaken the heart's harpstrings.

—Mary Baker Eddy.

The language of tones belongs equally to all mankind, and melody is the absolute language in which the musician speaks to every heart.

—Richard Wagner

## SUNDAY SCHOOL LESSON

### Weakness of Peter, James and John Differs from Treachery of Judas

Text: Matthew 26:36-46; John 8:10-12

By WILLIAM E. GILROY, D. D., Editor of Advance

Strange contrasts that Scripture reveals, particularly in the Gospel records, is emphasized when one compares this lesson with the one that preceded it. The experience of Peter, James and John in the mountain, when Jesus was transfigured before them and they were made to realize all His grandeur and the glory of His divinity, was quickly followed by the experience of the same three disciples in the garden of Gethsemane, where they were to observe and share the agony of the human Christ in the last bitter struggle before He went to the Cross.

In both these experiences it might be said that in some degree the disciples failed, although the meaning of these experiences must have been clearer to them in the years that followed and must have meant a great deal to them in strengthening their faith and courage in days of persecution. In the experience in the mountain they were so overwhelmed with awe that they could not quite understand what they saw and heard. In the garden they failed through sheer human weakness. They were weary; their eyes were heavy with sleep; and although the Master longed evidently for human sympathy, they were unequal to the situation. There was mild reproach in His voice when He found them sleeping. He said, "Could ye not watch one hour?" Twice again they fell a-

## "Holy Week"

"From that time forth began Jesus to shew unto His disciples, how that He must go to Jerusalem... and be killed, and be raised the third day." — St. Matthew 16:21.

They said He should not—but He did!

And while His disciples lay hid, He went to mournful realms below To spread His news—release from woe, That all might join in triumph song.

What was it they said He should not do?

Die on a cross! a way so new! For human knowledge did not dream

It would take suffering to redeem Those who would join in triumph song.

In bitter pain and shameful death Your Lord and mine took His last breath.

Seemed less like God than man e'er thought! But through that was salvation wrought.

That all might join in triumph song.

Shall we not follow, even there? Shall Christians answer, "We don't care?"

"It's on to death!" the World e'er cries.

"The Way to Life!" the church replies.

"That we might join in triumph song!"

## The Lenten Message

By WILLIAM E. THOMPSON  
Pastor of the Brethren Church

It is hoped that as Christians have followed Christ through the Lenten season that they have "walked and talked with the King." That their lives have become more like the blessed Son of God. When Christ rode into Jerusalem "a great multitude spread their garments in the way; others cut down branches from trees and placed them in the way."

From the hosannas of the multitude as they honored Christ as one group shouted to another "Hosanna to the son of David; blessed is He who cometh in the name of the Lord; Hosanna in the highest," that the whole world was ready to receive Him king. But the chief priests and the scribes took notice of the reception Christ was receiving and they said "Hearest what these say?" It is interesting to note how they changed the sentiment of the people for just a few days later when Jesus stood in the court room those who had his case in charge put a scarlet robe on him, they put a crown of thorns on his head, they put a reed in his hand and kneeled before him in mockery. They even spit upon him and when Pilate asked the multitude what he should do with him they cried out "Let him be crucified."

The question arises in our minds, what will we do with Jesus today? We have placed implicit faith in the intelligence of men only to discover that to train the mind and neglect to train the heart is not sufficient. We have trusted in wealth and discovered that riches may be swept away over night. We have been thinking in terms of the material and tangible things too many times have not appealed to us. We have trusted in battle ships and large armies and forgotten that God said: "It is not by might, nor by strength, nor by power, but by my spirit, saith the Lord."

The Lenten season is an opportune time to discipline ourselves and bring our bodies and carnal natures under control for God has said: "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways, then will I hear from heaven, and will forgive their sins, and will heal their land." May we rededicate our lives to the unfinished tasks and consecrate ourselves unto the will of God that we may grow in grace and the knowledge of our Lord and Savior Jesus Christ."

## Grain News

Chicago, April 16. — (AP) — Broomhall, British grain authority, said Argentina was progressing slowly with field work. Subsoil moisture is very deficient and it is feared that germination will be irregular. Seeding, however, extends from the north to the south slowly and this work can continue into August if necessary.

Movement of grains and grain products by rail showed some decrease last week, the Association of American Railroads reported, but was still well above the 1942 comparative week. Grain loadings totaled 41,959 cars, up 8,998 cars from 1942. In the preceding week, cars loaded with grain totaled 43,326.

Millfeeds continue in urgent request, the weekly feed review of the department of agriculture said. It added that reduced operations in flour mills curtailed the output further, making the situation tighter than ever. "Some mills have orders on their books up to the first of the year at ceiling prices," the department stated.

The Texas weekly crop bulletin said rains received last week extended into the Panhandle, where wheat was beginning to suffer from lack of surface moisture. The fall in that area greatly relieved the moisture situation and improved prospects, the report added.

### Nineteen U. S. Soldiers Capture Maknassy

A patrol of U. S. soldiers under direction of Lt. Mervin G. Sneath, Lancaster, Pa., advance cautiously through the streets of Maknassy, Tunisia, "sweating out" snipers. The 19 men, nine of whom can be seen in the picture, captured the town from which all of the enemy had fled. (Passed by censor.) (NEA Telephoto.)

### American First Infantry Division Entering Gafsa

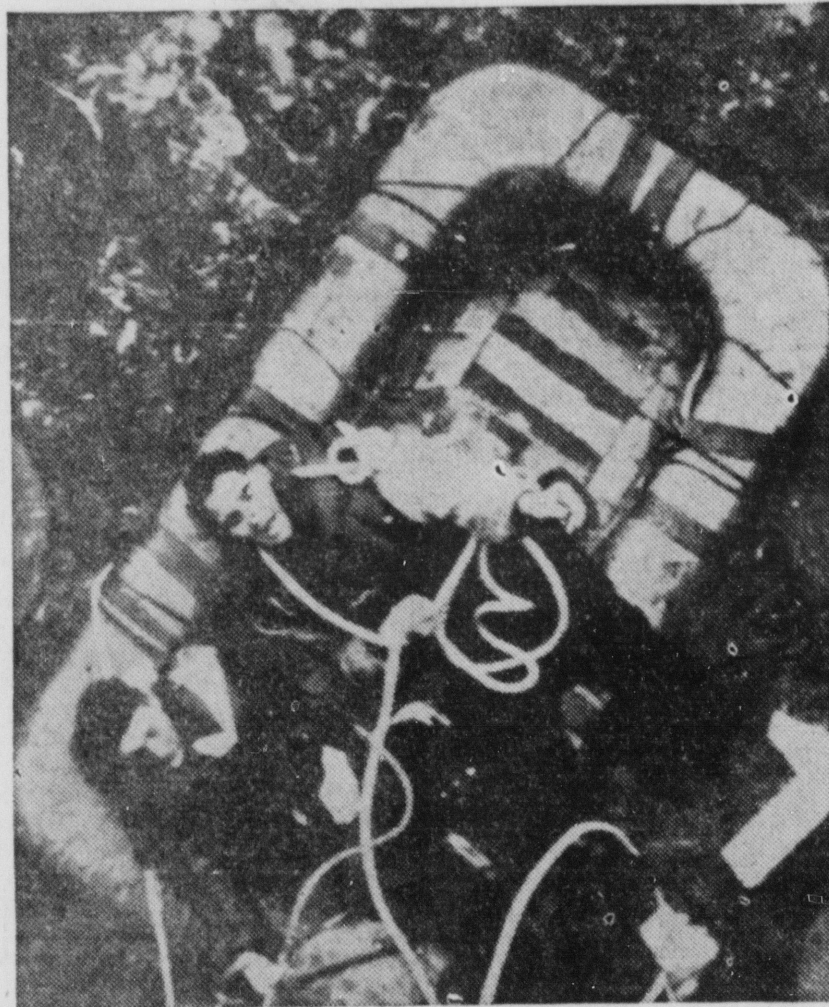

With the stillness of death hanging over the town, and justifiably so because the Nazis had mined everything from roads to toilets, the American 1st infantry division entered Gafsa, Tunisia, to find the town undefended as Rommel's army fled north. Note the pile of rocks in the center of the road and on each side to delay mobile units. (Passed by censors.) (NEA Telephoto.)

**Dodgers Purchase Two Pitchers From Phils**  
Brooklyn, April 16.—(AP)—The Brooklyn Dodgers today announced the purchase of pitchers George Washburn and Johnny Allen from the Philadelphia Phils.

For Allen it means a return to the club for which he played last season. The veteran right hander was sent to the Phils last winter in the deal that brought pitcher Rube Melton to the Dodgers. However, he never signed a Philadelphia contract.

The Phils obtained Washburn from the Chicago Cubs two days ago. A right hander, Washburn hurled for Newark in the International League last year, winning nine and losing seven. Both men have 3-A draft classifications.

# One Look at Yanks Convincing Proof There Is a War On

## Still Most Writers of Sports Name "Marse" Joe's Boys to Win

BY JUDSON BAILEY  
New York, April 16.—(AP)—The New York Yankees this year are the worst-looking team Joe McCarthy ever has managed in the big leagues, yet everybody is picking them to win another American League pennant and there is no reason to believe the majority isn't right.

You only have to look once at the Yankees this spring to realize the changes that war has wrought on baseball and if you can stop shuddering long enough to look at them two or three times, you start naming over their rivals in the hope of finding some other pennant possibility.

But it is a sad commentary on the caliber of the clubs in the American League this season that not one can be counted on to step out in front of the Yankees, although two or three might cause commotion if some of their doubtful sparkplugs should start firing in rhythm.

The Yankees have only one regular infielder, Joe Gordon, and one regular outfielder, Charley (King Kong) Keller, back from last year and as a result McCarthy is having to make over a whole ball club for the first time in his life. He is transforming pitcher John Lindell into an outfielder, making a third baseman out of a rookie shortstop, Bill Johnson, and transforming another rookie, second baseman Geo. Stirmweiss, into a shortstop.

**Infield Is Pathetic**  
As it now is pieced together, the Yankee infield is pathetic. But in another month Frank Crosetti will be free of the suspension imposed upon him by Commissioner Landis for pushing an umpire in the world series and there is a possibility that Red Rolfe may rejoin the club in the summer after his season as baseball coach at Yale ends.

The Yankees have lost Joe DiMaggio and Tom Henrich from the outfield, Buddy Hassett and Phil Rizzuto from the infield and Red Ruffing from the pitching staff. Yet these may not prove to be mortal wounds because other clubs have been hit equally as hard—and Yankees can afford to relinquish some of the nine-game margin by which they dominated the league last year.

The Boston Red Sox should finish second, just as they have in four of the last five years. Manager Joe Cronin has had to give up his entire outfield—Ted Williams, Dominic DiMaggio and Lou Finney—as well as shortstop Johnny Pesky, the leading rookie of the league a year ago, and two good pitchers, Bill Butland and Charley (Broadway) Wagner.

However, Cronin still has a dangerous club. Back of these two clubs may come a three-day scramble between the Cleveland Indians, St. Louis Browns and Detroit Tigers, with their ultimate positions dependent largely on the draft.

On a hunch we would place Cleveland third, St. Louis fourth and Detroit fifth.

This leaves the Washington Senators, Chicago White Sox and Philadelphia Athletics to bring up the rear.

# Big Ten Baseball Teams Get Down to Business Saturday

Chicago, April 16.—(AP)—Big Ten baseball teams get down to the serious work of winning the conference championship tomorrow with four clubs opening two-game series.

Northwestern, bolstered by seven lettermen, will start its quest for the title against Iowa at Iowa City, while Minnesota and Illinois open their bid at Champaign.

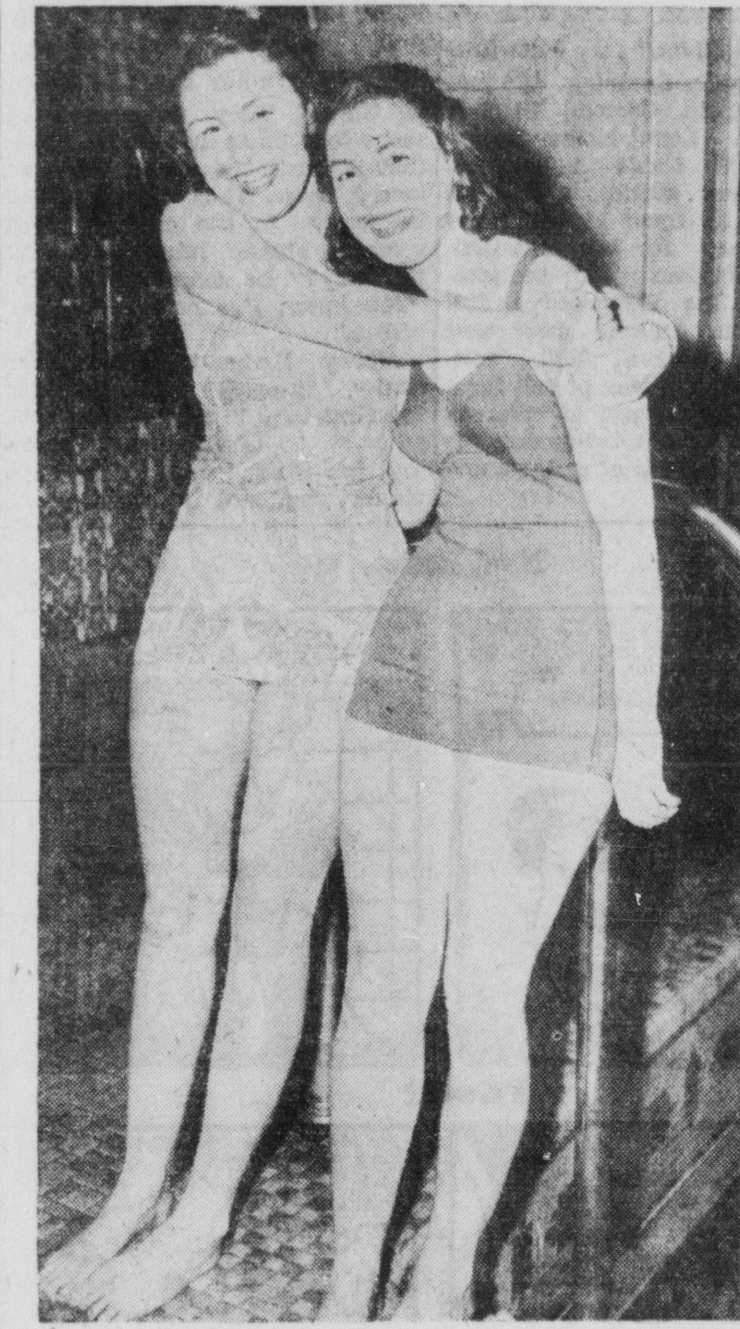

Iowa, co-chairman last year with Michigan, began its Big Ten campaign a week ago by splitting with the Wolverines—winning the first game, 4-3, but dropping the second, 7-3.

The Gophers, regarded as having one of their best nines in years although only three lettermen are back, are coached by Dave McMillan, former basketball mentor. They will be meeting Illinois for the first time since 1928. Andy Phillip, the Big Ten basketball scoring champion, is scheduled to open on the mound for the Illini.

In non-conference engagements tomorrow, Wisconsin makes its initial appearance of the season against the Milwaukee Brewers of the American Association; Michigan meets Michigan Normal, Indiana faces Notre Dame, and Chicago plays Navy Pier.

**WRESTLING WITH POINTS**  
Dayton, O.—(AP)—A line of consumers filed into Memorial Hall. One man stood for a moment in the doorway, perplexed. "Is this rationing?" he asked. "Yes," replied an official. "Yipe!" exclaimed the "consumer." "I thought it was a wrestling match!"

# Harmon's Friends Refuse to Believe Star Is "Through"

Ann Arbor, Mich., April 16.—(AP)—Friends of Lieut. Tom Harmon, dashing former All-American halfback missing on an Army flight in the Latin-American area, steadfastly clung to hope that he was safe today and Fritz Crisler was one to help them.

Calling Harmon "the greatest competitor I have ever known," Crisler said "there isn't another guy in the world who has a better chance of returning if he has had the slimmest of breaks."

Crisler, football coach and athletic director at the University of Michigan, was confident and advisor to Harmon both when the Wolverine gridded was piling up a sensational athletic record and in later business pursuits.

Fritz's No. 1 protegee has been missing since April 8. That's all the word there has been from the war department.

"Call it wishful thinking—maybe that's what it is," Crisler said, "but I know Tom too well. I know what he has always done when the pressure was on him. I've seen his cocksureness and tremendous physical strength and I just won't believe he's through."

Faculty men and students prayed with Ann Arbor residents at a special mass yesterday for Tom's safe return. Services at St. Mary's student chapel also were attended by the 23-year-old pilot's parents, Mr. and Mrs. Louis A. Harmon; his sisters, Mrs. James Considine and Mrs. Bertram Jensen of Gary, Ind., and brother Louis, Jr., of Detroit.

# 15,000 Expected to See Third Savold-Franklin Meeting

Chicago, April 16.—(AP)—A crowd of 15,000 was expected at the Chicago Stadium tonight to see the third meeting of Lee Savold, Paterson, N. J., heavyweight, and hard hitting Lem Franklin, Cleveland Negro.

The two will continue their feud over a scheduled 10-round route, but few observers, who have believed the bout will go the distance. None of the other fights between the two has gone the 10 full rounds.

Four years ago Franklin bounced Savold in the second round. Savold evened matters last February at the Stadium by knocking out Franklin in the 10th after being floored in the first round and having his eye closed by the driving Negro in the second.

Franklin figures to weigh about 199 pounds and Savold 191. The Cleveland is at his best around 200.

The other 10-round bouts are on the card. Chicago heavyweights Tony Musto and Nate Bolden, are the principals in the semi-windup, while in the second 10 rounder Al (Bummy) Davis, Brooklyn welterweight, will make his Chicago debut against Tommy James of Chicago.

# Sports Roundup

By CHARLES DUNKLEY  
Pinch hitting for flu-stricken Hugh S. Fullerton, Jr.

Chicago, April 16.—(AP)—Ken-esaw Mountain Landis, 76-year-old commissioner of baseball, eased his feet down from his littered desk and fixed piercing eyes on his questioner.

"No one knows what will happen to baseball this summer," he blurted. "It would only be a guess. But I have every hope that we will finish the season, as usual, and that the pennant races, in both leagues, will be exciting."

Landis is an excellent listener, but pulls no punches in expressing his views on almost everything—except baseball. His hair snow-white, he sits in a high-back leather chair, behind a desk literally covered with papers, statues of baseball stars, an airplane clock and various documents piled two or three inches deep.

His offices, high in an upper Michigan Boulevard skyscraper, overlook cold, blue Lake Michigan.

"How old are you?" he snapped. He was informed honestly and readily. "Then, how in hell do you manage to stand this cold weather?" he asked. "It's brutal!"

Landis, who usually spends his winter vacations in Belleair, Fla., and visits the various major league training camps before returning north, spent the winter at home in Chicago in keeping with the times.

"I had a couple of slight colds; otherwise, my health was fine," he said. "But I don't like cold weather. It's brutal!"

Landis believes that spring training in the north, above the so-called Landis-Eastman line, proved satisfactory to the players. He said he hadn't received one complaint, either from players or club officials. He laughed about a columnist who recently criticized him because six of the clubs trained in Indiana.

"This man amused me greatly," he chuckled. "By accusing me of forcing so many major league clubs to train in my home state, which as you know, is Indiana."

Landis is pleased so many major league stars—such as Ted Williams, Joe DiMaggio, Ted Lyons, Bob Feller, Red Ruffing, Johnny Beazley and a host of others—have entered the service of their country.

## In Hollywood

By ERSKINE JOHNSON

NEA Staff Correspondent

Now we've heard everything. For a scene in a new Leon Schlesinger cartoon, "Wise Quackin' Duck," Daffy Duck does a strip tease, getting down to his 'wown' when someone tries to roast him in an oven. But when the Hays office censors looked at the picture, they not only modified the strip tease, but ordered the studio to put pants on Daffy Duck. A few weeks ago Veronica Lake lost her peek-a-boo bangs as a patriotic gesture (imitators were tangling their hair in war machinery) and now she's losing her hairdresser to the WAACs. The hairdresser, La-Vaughn Speer, was accepted for service after undergoing, at her own expense, six operations to remove a nasal obstruction.

eating lunch off the lot. They're afraid to face the stares in the studio cafe.

## Popular Play

Three studios are bidding for Michael Hogan's new screen play, "On the Line." It's the story of a titled English society girl who becomes a riveter in a British war plant and learns the meaning of democracy. . . . Joan Davis has written a new song, "My Love Is a Military Secret." Swell title.

More celluloid impersonations: Kay Kyser will do a take-off on Tarzan and also be made up to look like an 85-year-old lady in "Right About Face." . . . Nica

Doret is up for the lead in two more PRC films as a result of her work with Bob Livingstone in "The Lone Rider." . . . John Sutton is legally dropping his real name—Eugene Osmond Stephen Congden. . . . Lloyd Nolan is due for a Clark Gable buildup at M-G-M since scoring in "Bataan Patrol." . . . Lynn Bari will not turn redhead for her next film. Studio executives nixed the idea. . . . Looks like Hollywood is still nibbling Don Ameche over that Alexander Graham Bell role. Ernst Lubitsch's idea of hell for a scene Ameche plays in "Heaven Can Wait" is an ultra-modern ofifice with hundreds of gadgets and 85 telephones

## Strange Lovers

Hollywood meeting: Cornel Wilde reported to the set for the first time the other day to play Sonja Henie's boy friend in "Winter Time." They rehearsed the scene four times and four times Cornel ardently embraced and kissed Sonja. Then Cornel turned helplessly to the crew. "Will someone please introduce me to the lady?" he asked plaintively. "You know, I've never met her before."

Nancy Kelly will shed her slinky, vampish personality for the first time to play a hard-boiled babe in Sol Lesser's "Tarzan and the Sheik." "I'm Irish," says Nancy, "and not for nothing."

Jane Wyatt asked Guy Kibbee to try a cheremoya, a Mexican fruit, from one of the trees in her yard. "It's delicious," she coaxed. "No, thanks," said Guy. "I have so many tastes now that are in for rationing, I don't care to acquire any more."

**LEGAL PUBLICATION**  
**NOTICE OF CLAIM DAY**  
Notice is hereby given to all persons that Monday, June 7, 1943, is the claim date in the estate of Amanda Morris, Deceased, pending in the County Court of Lee County, Illinois, and that claims may be filed against the said estate on or before said date without issuance of summons.  
Conservator and ex-officio administrator of the Estate of Frank D. Buckley  
Amanda Morris, deceased.  
WARNER & WARNER,  
Attorneys.  
April 2, 9, 16, 1943.

**THE SOLE OF WIT**  
Salt Lake City (AP)—A couple of zoot-suiters on Salt Lake City's busiest downtown corner: "Nice looking pair of two-toned shoes you got there."  
"Yeah, these are my B-17s."  
"Whaddaya mean, B-17s?"  
"You know—bought before coupon 17."

**SUNRISE SERVICE**  
Alto Pass, Ill., April 15—(AP)—Easter sunrise services will be held for the seventh consecutive year on Bald Knob in the Shawnee National Forest. Dr. J. W. Holland will conduct the services.

**AT MORMON TEMPLE**  
Salt Lake City (AP)—War or no war, the number of visitors to Temple Square, site of historic Mormon Temple in the heart of Utah's capital, actually is increasing.  
John H. Taylor, Temple Square mission president, reported that in the first two months of this year 27,029 visitors were counted, compared with 25,076 in the same period last year and 24,774 two years ago.

**FUNNY BUSINESS**  
COMPANY B CAVALRY  
OUCH!!!  
"We got too close to the horse barns—now we're in the cavalry!"

LISTEN, SON, YOU KEEP YOUR EYE ON THAT BIG PLANNER OVER THERE—WATCH EVERYTHING HE DOES, AND WHEN THEY NEED A MAN, YOU'LL BE IN LINE FOR TH' BIG JOB!

IT MUST BE GREAT TO HAVE A SON—IF YOU TOOK THE WRONG ROUTE IN LIFE, YOU CAN TRY A NEW ANGLE THRU YOUR BOYS!

YEH, BUT YOU'D MAKE A MESS OF THAT, TOO—BECAUSE TH' WAY THINGS CHANGE, TH' WRONG WAY YOU TOOK WOULD BE TH' RIGHT WAY FOR THEM TO TAKE!
